6. The Banks Association of Turkey, Customer Complaints Arbitration Panel
What is the Banks Association of Turkey, Customer Complaints Arbitration Panel? From whom is it composed?

The Banks Association of Turkey, Customer Complaints Arbitration Panel is a conciliation panel entrusted with the task of resolving the disputes between bank members of the Banks Association of Turkey on one side and their individual customers on the other side.

■ There are four types of Panels within the organization of the Banks Association of Turkey:

- Debit Cards and Credit Cards Arbitration Panel
- Consumer Credits Arbitration Panel
- Insurance Transactions Arbitration Panel
- Other Banking Products and Services Arbitration Panel

■ These Panels have been formed within the frame of a Communiqué issued with a consent of the Banking Regulation and Supervision Authority in reliance upon the duties and powers vested in the Banks Association of Turkey by the Banking Law no. 5411.

■ Each Panel is composed of five full and five associate members.

■ At least two of full members are graduates of law faculties.

■ Three full and three associate members of Panels are elected by the Association’s Board of Directors from among the nominees nominated by bank members of the Banks Association of Turkey, and the remaining two full and two associate members are representatives elected and appointed by the Banking Regulation and Supervision Authority (“Authority”).

■ Members elected by the Association’s Board of Directors are required to have an at least seven years’ past banking experience.

How to apply to the Banks Association of Turkey, Customer Complaints Arbitration Panel?

■ Before application to the Arbitration Panel, you must first apply to the relevant bank.

■ Application to the bank must be in writing, and an “application confirmation certificate” verifying that the application is made must be received from the bank.

■ Signature of the bank officer who receives the original copy of petition must be taken on a copy of the petition delivered by hand to the bank officer.

■ Application to the bank may further be filed by electronic mail, whereupon the reply sent by the bank by electronic mail, verifying that the application is received, must be kept for use as the application confirmation certificate.
Another way of proof of an application to the bank is to send the application “by registered mail, return requested”. Thus, the acknowledgement of receipt signed by the bank officer, to be sent back by the post office in response to the letter of application sent to the bank, may also be used as an application confirmation certificate.

Attention to Periods!

- After filing an application to the bank, you must wait for completion of the bank’s answering period of **thirty days** starting from the date of the application confirmation certificate. This period is **twenty days** for complaints relating to debit and credit cards.
- The bank may respond thereto within thirty days of receipt of application, or may request an additional time of ten days.
- If the bank responds in a timely manner, an application may be made by filling in a complaint form within **sixty days** following receipt of written response of the bank.
- If the bank fails to respond in a timely manner, an application may be made by filling in a complaint form within **sixty days** following the end of answering time of the bank.
- Should the bank fail to respond in writing, application must be made timely by taking the date of the application confirmation certificate as the starting date of application period.

Do not forget!

- Answers and application confirmation messages to be sent by the bank by electronic mail are also accepted. Accordingly, in applications based on such an answer or an application confirmation message, a copy of such message showing the date, sender and recipient of the message is required to be attached to the complaint form.
- It is a must to fill in a complaint form for an application to the Banks Association of Turkey, Customer Complaints Arbitration Panel.

How to fill in a complaint form? What to pay attention to?

- Your filing in the complaint form completely will expedite your application process. Therefore, please respond to all questions contained in the complaint form.
- Fill in the complaint form legibly and with blue or black ink.
- Describe your complaint clearly and explicitly.
- Explain the reasons and events underlying your complaint by stating the date thereof, and which type of a transaction it is related to, and why you had a problem with the bank with respect to such transaction.
- One of the most important rules you must pay attention to in filling in the complaint form is that you must clearly and concretely state your claim from the bank.
- After explaining the transactions and events underlying your complaint, **do not use** such general statements as listed below in the claims section of the complaint form:
  - “I want review and inspection of my accounts…”
  - “Please identify and indemnify my losses, if any, to me…”
  - “relief of my losses…”
  - “determination of my losses arising out of all such transactions....”
Formulate your claim from the bank very briefly and concretely. If you raise claims with respect to more than one transaction, you have to list the said transactions with reference to their dates and amounts.

You may file several complaints against the same bank, or you may file the same complaint against more than one bank. However, in this case, you have to submit a separate application for each of your complaints.

For example, let's assume that you have complaints against X Bank with respect to both your credit card and your TL deposit account. You have to fill in a separate complaint form for each of your complaints, and to receive a separate application confirmation certificate and/or a separate answer from the bank for each of your complaints.

On the other hand, let's assume that you have the same complaint relating to your TL deposit account against both X Bank and Y Bank. You have to make an application by filling in a separate complaint form for each of these banks, and by receiving a separate application confirmation certificate and/or a separate written answer from each of these banks.

Attachment of all substantiating documents in your possession to your complaint form will expedite the process of evaluation of your complaint by the Arbitration Panel.

Please send copies, not the originals, of substantiating documents in attachment to your complaint form.

A copy of the filled-in complaint form and originals of substantiating documents attached thereto must remain in your possession.

If the complained transaction is related to a joint account opened together with another person or other persons, you must declare it, and take signatures of joint account holders on the form.

If the applicant is authorized to act for and on behalf of one or more complainants, for all and any activities relating to evaluation and handling of complaint by the Arbitration Panel (for instance, signature of complaint form, receipt of all and any correspondences sent by the Arbitration Panel, answering of such correspondences, acceptance or refusal of proposals of the relevant person, etc.), the application must submit in attachment a written certificate of authorization or signature declaration certified by the relevant official authorities. Thereupon, it must be stated in the relevant section of page 1 of the complaint form that the application is made in the name of other person or persons.

If the recipient of bank services has died, a copy of the certificate of inheritance proving your legal interests therein must be attached to the complaint form.

Information or documents attached to a previously filed application must be sent again with a complaint form to be refilled in.
