Preliminary Information About Autochartist Service in İşCep Mobil Borsa

Autochartist is an automated equity analysis service. All patterns provided by Autochartist are obtained as a result of the algorithms executed using the historical data of the stocks and do not contain any personal opinions. Past performance of the stock is not indicative of its future performance. You can access Autochartist service through the “My Page” or “Analysis” tabs in İşCep Mobil Borsa. It is also possible to display a link to Autochartist service on the detail page of any stock. The Autochartist service and its content should not be construed as a solicitation to invest and/or trade. The Autochartist service and its content are not investment advice.

Capital Markets Board of Turkey considers Autochartist service within the scope of the general investment advice. Providing general investment advice is not investment advisory service which is defined on the Communiqué On Principles Regarding Investment Services, Activities And Ancillary Services. Investment advice is the provision of influential investment comments and recommendations by an authorized investment firm, upon request of an investor or on an unsolicited basis, regarding one or more capital market instruments or the issuers of such instruments to either a particular person or a group of persons with similar financial situations and similar risk and return preferences. The charts, analysis, comments and advice presented in this service are general, not particular. These charts, analyses, comments and advice may not match your financial position and risk and return preferences. For this reason, making investment decisions or trading based solely on the information contained therein may not produce results that meet your expectations. Türkiye İş Bankası A.Ş., Autochartist (MDIO Software (Pty) Ltd) and their members do not warrant the completeness, accuracy or timeliness of the information supplied, and they shall not be liable for any loss or damages, consequential or otherwise, which may arise from the use or reliance of the Autochartist service and its content.

The user is personally liable for the investment decisions and trades based solely on the information presented in Autochartist service. The user cannot hold Türkiye İş Bankası A.Ş. and/or Autochartist (MDIO Software (Pty) Ltd) responsible for his/her own investment decisions and trades in any way. The user may directly or indirectly claim no rights under the names of loss, loss of profit, expenses and so on.

By using İşCep Mobil Borsa and Autochartist services, the above-mentioned issues will be considered irrevocably accepted by the user.
